Dinner a Failure.

A Nemaha county man relates that he once gave a big dinner party in honor of some out-of-town guests. The spread was elaborate. There was everything on the table to tempt the appetite, including all sorts of produce out of season, and rare delicacies. The dinner was a great success and was going off famously, when, without warning, in walked the host's uncle and his family from down in Missouri. They had just arrived in a covered wagon, bound for the west end of the Central Branch to take up a claim and build a soil house. The man told his uncle to call in his family and have something to eat. When the family filed in they looked like a surprise party; there were nine of them. Places were fixed for them and they were squeezed up to the table. As soon as all were seated the oldest boy, an overgrown youth with heavy fuz on his face, looked up and down the table critically, and in a disappointed tone said:

"Gosh darn it, pop, they ain't got no 'lasses!"—Kansas City Star.

As the insurance investigation drags along, deeper appears the iniquitous extravagance of the big life companies in using policyholders' money to corrupt Legislatures and state insurance commissioners in defeat of measures not as a rule hostile to the policyholding interest, but objectionable to a grafting managerial interest. First it was Hamilton who was revealed in the irresponsible use of vast sums of money contributed by several companies. Then Lew Fields was uncovered in the same capacity, and now it is George S. Batchelor, a "plenary representative" or lobbyist of the three leading companies, who seems to have been privileged to take as much trust money from them as he pleased. There seems to be no limit to the perversion of trust money carried on by these managers.—Springfield Republican.

It has been decided not to attempt the erection of the proposed new telephone building in Burlington this fall, it is expected that the work of construction will be begun in early spring, when it will be pushed as rapidly as possible.

About twenty-five carpenters employed on the new river mill at Winoski have struck because Supt. I. P. Keefe of the Worcester Construction Co., contractors, put a few Italian laborers to work nailing down flooring in the same building.

At a meeting of the College Street Congregational church, Burlington, held for the purpose of receiving the report of the committee on pastor, the committee recommended that a call be extended to the Rev. Wood Chopper Fatally Injured.

John Boyce, of Elmore, was fatally injured November 16, while chopping in the woods on -oody mountain. A limb from the tree which he was cutting fell, striking him on the forehead and fracturing his skull. Doctor Gale, of Wolcott, was called and, the day following the accident, assisted by Dr. George L. Bates, of Morrisville, removed fifteen pieces of the skull relieving the pressure on the brain. The injured man regained consciousness only once after the injury. Death occurred November 20.

The deceased was forty years old and leaves a wife and three small children, also an aged father and mother and four brothers.

REACHES SISTERS.

Little Annie Shanahan arrived at Rutland.

Rutland, Nov. 26.—Little Annie Shanahan, 11, arrived here yesterday, ending a trip of thousands of miles without escort, from Ireland, to make her home with her sisters, Miss Bessie Shanahan and Mrs. Charles J. Roche of 123 State St.

The girl upon her arrival at New State was detained by immigration inspectors, and was to have been deported, but succeeded in touching their hearts by singing several melodies with her sweet voice and her pathetic face and appeal to be allowed to go resulted in a favorable decision.

The child says she did not fear the long trip across the ocean on the Campania, because she did not want to be a burden to her parents, as there were seven children to clothe and feed, and the father was dying in a hospital at Limerick, her former home. She asked to go to her older sisters in America, and her persistent requests were finally granted. The child has a wonderfully sweet and clear voice. The little traveler thinks America "Such a great, big place."

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Best Food for Laying Hens.

There are lots of different kinds of Poultry Foods on the market—some good and some bad. The following letter from A. L. Thorpe, North Haven, Conn., will undoubtedly aid the inexperienced buyer in making a proper choice of this class of goods: "I have used Page's Perfected Poultry Food all winter and will say it is the best food on the market for laying hens. I shall certainly continue to use it. I have sold over three hundred pounds of it already. Those who have used it seem to be satisfied with its results."
